### ***Collaborative and Proactive Solutions with Dr. Ross Greene, Ph.D.***

Collaborative & Proactive Solutions (CPS) is the non-punitive, non-adversarial, trauma-informed model of care Dr. Greene originated and describes in his various books, including *The Explosive Child*, *Lost at School*, *Lost & Found*, and *Raising Human Beings*. The model is based on the premise that challenging behavior occurs *when the expectations being placed on a kid exceed the kid's capacity to respond adaptively*, and that some kids are lacking the *skills* to handle certain demands and expectations.

**6:30 pm Annapolis High School**

*"The single most important thing a caregiver can do to help a behaviorally challenging child is to be the person who, at long last, identifies the lagging skills and unsolved problems that have been contributing to challenging episodes." —Dr. Ross W. Greene*

### ***Twice-Exceptionality in Students with Rose Blucher, M.Ed.***

Rose Blucher provides teacher training, support, and direct instructional services for teachers, students and parents. As a gifted/ learning disabled specialist for more than 20 years, her unique skills and understanding of gifted education, all areas of special and general education enables her to provide professional development and support in strategies for twice-exceptional (2E) students, students with other disabilities such as ADHD and Asperger's Syndrome, and best practices in general education K-12.

*Ms. Blucher, an award winning educator, serves on the executive board of directors for The Twice-exceptional Center for Research and Professional Development and the Association for the Education of Gifted Underachieving Students (AEGUS) board of directors. She is also a member of the Coalition of Parents, Advocates and Attorneys (COPAA).*

**6:30 pm Board of Education Building  
2664 Riva Road, Annapolis, MD**
